Use this Quick Reference Guide (QRG) to Submit an Amendment/De Novo Review/Closure

1. At the top of your browser window, type the URL: https://eria.princeton.edu and CLICK Enter on your keyboard. **NOTE:** If you are off campus, VPN is required.

2. At the prompt, LOG IN with your Princeton NetID and password and ACCEPT DUO verification. This will take you to the eRIA home page. MAXIMIZE the screen.

3. LOCATE an Approved Protocol.
   A. If you are a PI, look up your protocol in My Items.
   B. If you are a Researcher, type the protocol number in Quick Find or use Advanced Search to locate the protocol.
   C. Use the widget “Records on Which I am Named” to locate the protocol.

4. Open the record’s menu and SELECT “Create New” > “Submission Type.” There will be options to select Amendment, De Novo Review, or Closure. Note: you will not be able to create a submission of any of the above types if one is already opened (ex. Only one Amendment can be open at a time).

5. A Form window will open. To edit the form, UNLOCK it by SELECTING the box labeled “Form Locked, Unlock to Edit” located in the upper left hand corner of the Form. Make sure that the box is UNCHECKED and reads “Check for Errors” before proceeding.
